

SERRA DA ESTRELA

Albariño

Tasting

It is a young wine that expresses the Albariño grape in its entire splendor.

It is straw yellow with golden glints, very vivid and bright in the glass. It surprises in the nose because of the delicacy of its primary aromas, freshness and complexity.

Balance in the mouth, very vibrant, with fruit memories of real purity. It is wide and very tasty without losing one bit of freshness.

Technical Data
